

Immediate Feedback on Project Presentation

Company name:

Vector enterprise

Content: 63

Great to have done a questionnaire but shame to have low numbers.

Code: 75

Excellent job learning Django! Sadly the fact that you did not have it running meant that you are not marked higher for code. Technical aspects of a talk are your responsibility.

Delivery: 65

Well presented but the technical problems with Django cost you.

Visual Aids: 55

Terrible use of graphics (screen shots of Excel instead of actual plots).

Creativity: 67

Basic idea.

General comments

Shame about the technical problems.

Overall Mark: 65/100
