"Would like to know about all assessment from the start, class test was only recently revealed and don't know much about the remaining 45%"

Helpful

"Having a better idea of which parts of alternative resources relate to each week could make them more helpful (save time searching through what is often a very large and confusing source of information."

Helpful

"Lecturer is quite intimidating although helpful when questions are asked. Puts me off asking questions, pushes me towards just copying other students code."

Helpful

"Only one video tutorial is given providing only one angle"

Helpful

"Classroom atmosphere in labs, please."

About the methodology

"I think it would be effective if maybe the first tutorial of the 2 could be a 'teaching' tutorial as I find learning some concepts hard."

Quirky

"More compulsory tickables as its easy to just not do them."

Quirky

"Stop waiting for people not to talk: wasting my time!"
